Alberto Moreno Memorial Scholarship

The Alberto Moreno Memorial Scholarship Fund was established in 2002 to honor the memory of the donor's grandfather and support others who share Alberto's devotion to learning. Alberto Moreno became a naturalized citizen in the early 1900s. He had few resources to provide for his large family, in part because he had been unable to acquire a formal education. Nonetheless, he fostered in his children a respect and a hunger for learning, and an appreciation for what education can provide for those who work hard and honestly. Sacrifices were many, often food and clothing were scarce, yet each child was instilled with these values. The entire family worked hard to create opportunities for the pursuit of education and to support each other as they obtained the education each wanted. Though other luxuries were forfeited, each child grew into an accomplished adult armed with a master's degree and a commitment to contribute to their family, their society, and their country.

Her graduation from Alma College in 1994, with a degree in elementary education, only made this distinction official. The following is Anna's philosophy of teaching:

I believe that all children can learn. No matter their background or level of intelligence, I believe that all children can succeed. It is my job as a teacher to be patient, put forth time and effort, and establish a creative, motivational, and stimulating learning environment that encourages this success.

I also believe that as a teacher, I must support the emotional development of a child, as well as the intellectual. I feel that a child must be helped to discover and develop his/her own uniqueness and learn to share it with others. He/she must be encouraged to do their best and to be the best person possible.

Anna's teaching career was brief, as she died from brain cancer at the age of twenty-three. Through the establishment of this scholarship fund, it is her family's hope that Anna's passion for teaching others will continue.

Frequently Asked Questions

What is the Petoskey-Harbor Springs Area Community Foundation Scholarship Program?

Our scholarship program is made up of different scholarship funds established by generous community members dedicated to the scholastic development of our area's students.

Am I eligible to apply?

Each scholarship fund has specific eligibility criteria that were defined by the donor when the fund was established. Refer to the table to see which scholarships are open to your school (or home schools), then go to the detailed descriptions of those scholarships and read the "eligibility criteria" section.

What is the deadline to apply?

Please review the Scholarship Application Guidelines page and read the individual scholarship fund information carefully. Applications must be submitted online via the scholarship portal by **Monday, March 3, 2025**.

If I am awarded a scholarship, do I get the check?

No. Award checks are made payable to the school you will be attending. The check will be mailed to the school's financial aid office in July for deposit into your account.

What can my scholarship award be used for?

Most scholarships can be used for tuition and fees, books, supplies and equipment required of all students for courses of instruction. You may wish to contact an accountant to discuss any income tax implications of the award.

Who makes the decisions about the scholarship awards?

There is a Scholarship Advisory Committee made up of community volunteers that make the recommendations to the Community Foundation's Board of Directors. Some scholarship funds may have their own separate selection committee made up of volunteers, but in general, one group of dedicated volunteers reviews all applications for all funds.

May I apply for more than one scholarship?

Yes. You may apply for all of the scholarships for which you are eligible.

Do I really need to write separate essays for each scholarship for which I am applying?

For several scholarships, an essay addressing a certain topic is required. In all cases, the essay is your chance to speak directly to the Scholarship Advisory Committee and to let them know why you should receive that scholarship to pursue your continued education. In addition to the single page essay, you may include additional paragraphs to address the specifics of the funds to which you're applying.

Who should I ask to write a letter of recommendation for me?

Choose someone who knows you well and who probably won't be writing letters for many other applicants. The appraisal/letter of recommendation can be turned in with your application or mailed directly to the Community Foundation office by the deadline.

How do I know who to "thank" for my scholarship?

Thank you notes are strongly encouraged! Send your note to the Community Foundation office and it will be forwarded to the proper person(s).
