TOGETHER WE CAN DO MORE

PETOSKEY-HARBOR SPRINGS AREA COMMUNITY FOUNDATION 2016 ANNUAL REPORT
TO PROMOTE THE CAUSES YOU CARE ABOUT MOST
Mary Erickson and her two daughters established a donor advised fund so that together they could support efforts close to their hearts. They also knew that, through the Community Foundation, they could help meet needs of which they might not otherwise be aware. As a result, the Erickson Family Fund made the lead grant to help restore part of the Alanson Hillside Gardens, a lovely focal point for the community.
TO HELP OUR COMMUNITY THRIVE AND GROW
When Shayground needed to come down, community members, students and the school worked together to determine a replacement. With costs for the main structure covered by the school district, the Community Foundation stepped in to make the play area even better by providing new 'stand alone' play options that were specifically selected to meet the needs of all students, providing greater access for everyone.
TO LEAVE A LEGACY FOR THOSE WHO FOLLOW
Margo Hodder is not new to the community, but she is new to the Community Foundation. Working with her trusted financial advisor, Margo, a retired dietician, made the charitable choice to name the Community Foundation as the beneficiary of her retirement account. With her philanthropic interest to support the Petoskey District Library, Margo will be able to share her love of books with generations to come.
IT DOESN'T TAKE MUCH TO MAKE A BIG DIFFERENCE

Ask any young person that has served on the Community Foundation’s Youth Advisory Committee (YAC) and they will tell you, everyone can be a philanthropist. As YAC member Sarah Williams shared, “I’ve become aware of what even a small amount of time or money can do for our community, how much passion nonprofits have and the good that is produced by it.” Large or small, your support matters! Together, the possibilities are endless.

Sarah and the YAC support the Crooked Lake Sailors with a grant for new safety boats.
MAKING A DIFFERENCE

TOTAL ASSETS $34,149,015

TOTAL OPERATING EXPENSES $460,585
1.35% OF TOTAL ASSETS
